01 ILAB

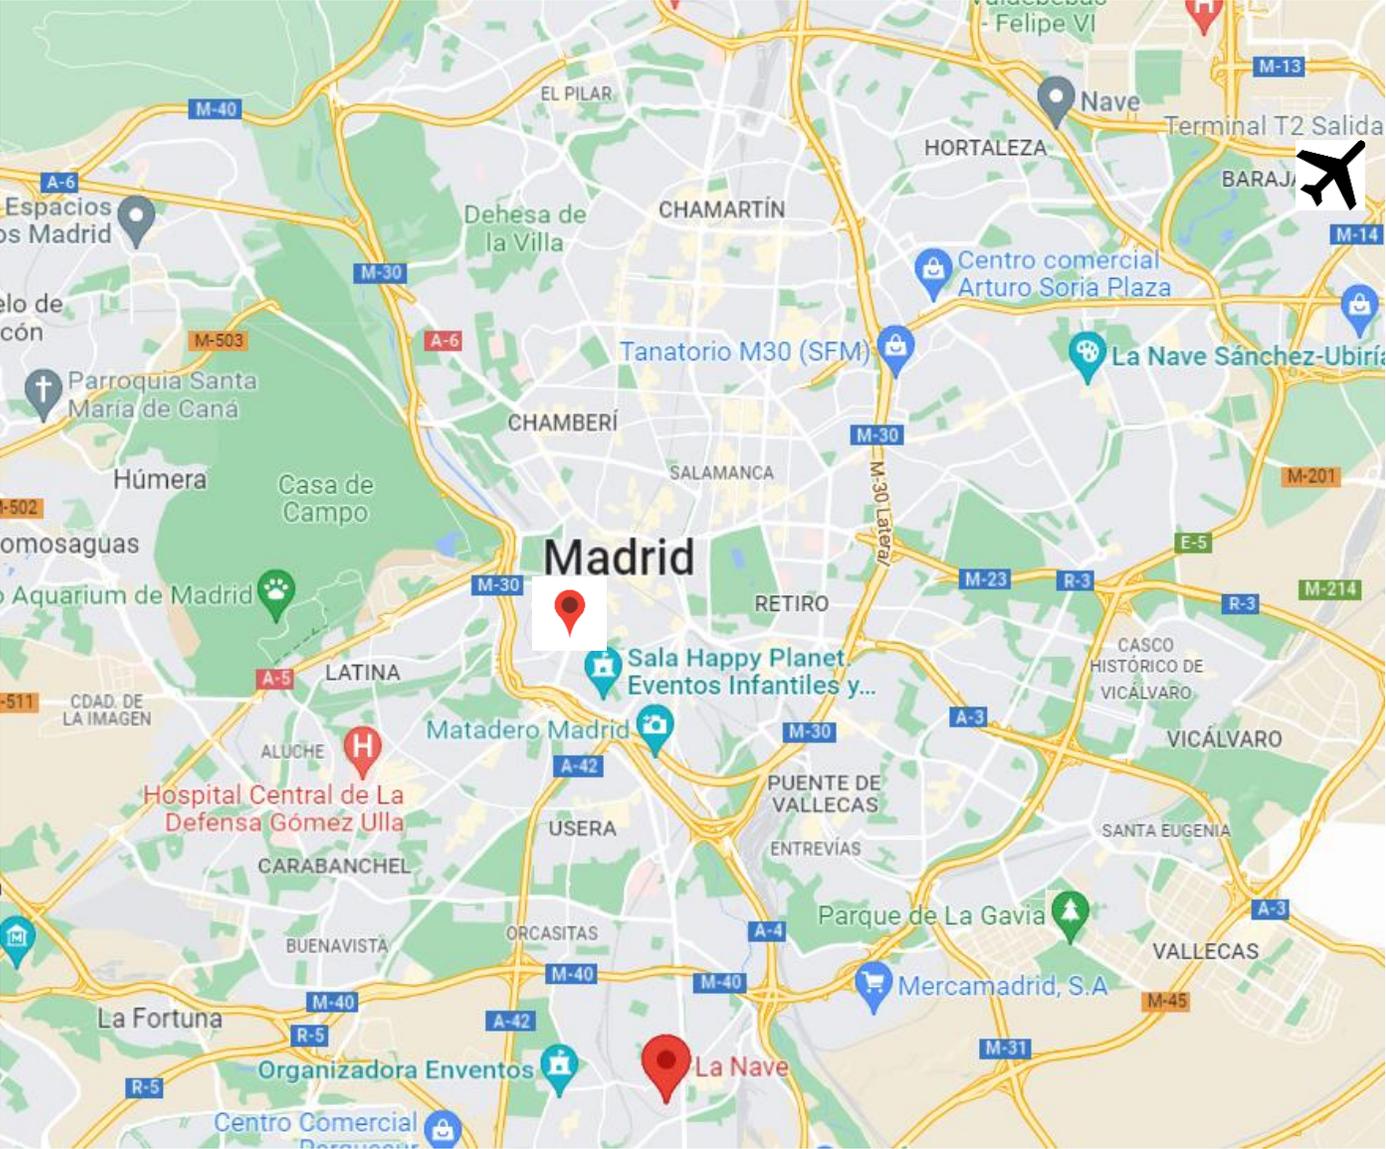

Madrid International Lab is an innovation center of the Madrid City Council.

The building was built in the 19th century to lodge the **municipal laboratory** and has preserved its scientific and innovative character over time, transforming itself into a **laboratory of ideas** devoted to innovation, attracting talent and promoting innovation in the city.

The same building houses the European headquarters of the **Inter-American Development Bank**.

ALUMNI STARTUPS

Launched in May 2020 between Madrid and Boston.

Capchase clients are other startups which need cash now and prefer to avoid equity dilution.

In less than 2 years, they have made over \$2B available to almost 3,000 customers.

#FINTECH

2EYESVISION

University spin-off which offers hardware and software solutions to enable small satellites to go further, for longer #NEWSPACE
